

THURSDAY 9 FEBRUARY

FRIDAY 10 FEBRUARY

MARKET SQUARE | STAGE

9.00-9.15 OPENING WORDS

Juha-Pekka Nuutinen Labquality

9.15-10.00 PLENARY LECTURE

Green laboratories and sustainable development

Markku Ollikainen The Finnish Climate Change Panel & University of Helsinki

12.15-12.45 Panel discussion: Green laboratory

14.15-15.00 PLENARY LECTURE

Preparing for challenging situations

Harri Gustavsberg PhD in Research and development, Master of Safety Management

QUALITY IN LABORATORY | HALL 208

USEFULNESS OF MEASUREMENT UNCERTAINTY - BENEFITS FOR THE PATIENT?

10.15-10.30 **Opening of the international programme**

10.30-11.00 **Is any test fit for purpose for the intended use?**

Patrick Bossuyt University of Amsterdam, the Netherlands

11.00-11.30 **Principle of measurement uncertainty calculation**

Lecturer to be announced

11.30-12.00 **D-dimer: The clinical impact of uncertainty measurement on the certainty of diagnosis**

Rita Selby University of Toronto, Canada

13.30-14.00 **Clinical decision limits as criteria for analytical performance**

Emmi Rotgers Fimlab Laboratories, Finland

14.00-14.30 **Requirements for analytical and clinical performance in the IVD regulation 2017/746**

Nelli Karhu Fimea, Finland

14.30-15.00 **Calculation of measurement uncertainty - a practical approach**

Abdurrahman Coskun Acibadem University in Istanbul, Turkey

15.30-16.00 **Accreditation and measurement uncertainty - measurements, calibrations and competent staff - what do accreditation bodies look for?**

Johan Bjerner Furst Medical Laboratory, Norway

16.00-16.30 **Panel discussion on usefulness of measurement uncertainty**

All speakers of the day

FROM ANALYTICAL TO DIAGNOSTIC QUALITY: APPROACHES TO INTERPRETATIVE EQA

9.05-9.45 **From measurement uncertainty to diagnostic uncertainty - can EQA be of value?**

Sverre Sandberg NOKLUS, Norway

9.45-10.15 **Diagnostic EQA: examples from case studies in thrombosis and bleeding disorders**

Piet Meijer ECAT, the Netherlands

10.15-11.15 **To be announced**

11.15-11.30 **Presentations by ePoster winners**

Poster sessions continues during lunch (2nd floor)

GREEN AND SUSTAINABLE LABORATORIES

12.45-13.15 **Green labs: Implementing sustainable practices in medical laboratories**

Tomris Ozben EFML, Turkey

13.15-13.45 **To be announced**

The full programme will be confirmed during the autumn of 2022!

DEVELOPING HEALTH TECHNOLOGY | HALL 204-205

COMPLIANCE

Chairperson Mika Siitonen

10.15-10.45 **UDI - Universal confusion?**

Miia Salonen GS1 Finland

11.00-11.45 **Key pain points in IVD technical documentations**

Lecturer to be announced

11.45-12.15 **Clinical validity of legacy IVDs**

Jari Martelin Abacus Diagnostica, Finland

FUTURE OF MEDTECH

Chairperson Mika Siitonen

13.15-14.00 **Modern population and patient level health management**

Teemu Niskanen & Anu Mahlamäki Duodecim, Finland

14.00-14.45 **Self- and point-of-care testing - trends in diagnostics markets and technology**

Iipo Kuronen Reagentia, Finland

15.15-16.00 **Cybersecurity in laboratory environment**

Toni Kajantola HUS, Finland

SUSTAINABILITY

Chairperson Mika Siitonen

9.30-10.00 **Healthcare responsibility and sustainability goals - How to achieve them?**

Riikka Juuma Hansel, Finland

10.00-11.00 **Panel discussion: The impact of responsibility and sustainability**

Jussi Kurittu Triolab, Finland

Anu Mickels Reagentia, Finland

Jari-Matti Sirkka Radiometer, Finland

Minna Makki Researcher, Finland

COMPLIANCE

Chairperson Mika Siitonen

12.30-13.00 **The future of electronic quality systems**

Lecturer to be announced

13.00-13.30 **eIFU challenge**

Clara Morgane Stago, France
